INTRODUCCIÓN

Para elaborar el Reporte de la Ejecución Presupuestal, correspondiente al periodo 2005 - 2019, se ha tomado datos publicados en el Portal del Ministerio de Economía y Finanzas-MEF, registrados en el sistema SIAF-SP al 10 de Mayo del 2019.

El Presupuesto constituye el Instrumento de gestión del Estado para el logro de resultados a favor de la población, a través de la presentación de servicios y logro de metas de cobertura con eficacia y eficiencia por parte de las entidades en sus tres (3) niveles de gobiernos. Es la expresión cuantificada, conjunta y sistemática de los gastos a atender durante el año fiscal, por cada una de las entidades que forman parte del Sector Público y refleja los ingresos que financian dichos gastos.

El Estado cumple tres grandes funciones y son objetivos del Presupuesto: Crecimiento y Estabilización; Asignación; y Distribución de los ingresos.

En la actualidad se desarrolla el Presupuesto por Resultados. Es una metodología que introduce un cambio en la forma de hacer el presupuesto, partiendo de una visión integrada de planificación y presupuesto y la articulación de acciones y actores para la consecución de resultados. El *presupuesto por resultados* rompe el esquema tradicional de enfoque institucional de intervenciones que generan aislamiento y nula articulación de la intervención del Estado, a través de acciones para la resolución de problemas críticos que afectan a la población.

El presente Reporte tiene como propósito registrar el comportamiento del gasto público durante el periodo 2005 – 2019, a fin de contar datos ejecutados por categorías (Gasto Corriente y Gasto de Capital), y por niveles de gobiernos (Nacional, Regional y Local).

Para medir el grado de ejecución presupuestal se ha desarrollado la diferenciación entre el Presupuesto Modificado (PIM) y el Devengado (Ejecución) del **gasto público devengado** de las entidades bajo el ámbito del Presupuesto Público, en sus tres niveles de gobierno, tomando como fuente de información la registrada por los pliegos presupuestarios en el sistema SIAF-SP.
